Subject: RE: EPA Request to Join the Lane Plating Works Inc. Superfund Site Community Advisory Group

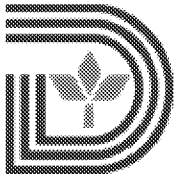

Ed,

Olinka Green just came by my office asking for CAG updates, specifically:

1. When is the first CAG meeting?
2. Who are the local residents appointed to the CAG?
3. Are there additional CAG spots open for (non-council appointed) residents?
4. Are the meetings going to be open to the public?
5. Is there a new EPA liaison coordinating the CAG?
6. When are you going to reveal sampling results?
7. Has DISD been notified about Lane Plating?

Can you give her a call? Her number is Ex. 6 Personal Privacy (PP)

Thanks,

Paul White II, REM, CFM

Subject: EPA Request to Join the Lane Plating Works Inc. Superfund Site Community Advisory Group

CAUTION: This email originated from outside of the organization. Please, do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi James,

Thanks for speaking with me earlier in the week. As per our conversation, EPA would like to offer a spot on the Lane Plating Works Inc. Superfund Site Community Advisory Group to a member of the City of Dallas Office of Environmental Quality and Sustainability. EPA is requesting representation from state and local agencies interested in the site, which include invitations to the Texas Commissions for Environmental Quality, the Texas Department of State Health Services, Dallas County and Paul Quinn College.

Please let us know if there is an interest to join, and I can contact your or that representative for next steps. Thank you for your assistance with this effort, and we appreciate all the help your office provided with the site.

Thanks again,

-Ed-
